

Catheter Mount

Product Code: *IVC.C.M*

The Catheter Mount is designed to reduce the drag on the Endotracheal tube or Laryngeal mask by transferring the weight of the breathing system from the patient. It's designed to provide direct, uninterrupted air to lungs in emergencies.

Features:

- Corrugated Tube
- Double Swivel connector type
- 22F Connector to connect to machine
- Elbow port allows for easy suctioning
- Suitable for use of Anaesthesia, for respiratory and for a resuscitator
- Single use
- Sterilised by EO

Dimensions:

- 20 x 9 x 3 cm
- 21 g

Important Information:

- Discard after use
- Do NOT re-sterilise or reuse
- Do NOT use if the packaging is damaged or opened
- Store in a cool and dry place

Standards Compliance:

- ISO 13485:2016
- CE
